

Privacy Policy

All personal data must be handled in accordance with applicable regulations. Data subjects have the right to access, rectification, and erasure. Systems must implement data minimization and purpose limitation. Cross-border transfers require adequacy decisions or standard contractual clauses. Breach notifications must be submitted within 72 hours.

Key Points

- Data minimization
- Purpose limitation
- Breach notification
- Cross-border transfers
- Subject rights

Retention Policy

Documents are retained according to statutory and contractual obligations. After the retention period expires, documents are securely deleted or anonymized. Legal holds supersede normal retention schedules. Audit trails must prove deletion occurred. Backups are exempt from immediate deletion but subject to the same overall schedule.

Key Points

- Statutory retention
- Contractual retention
- Legal hold
- Secure deletion
- Backup schedule

Access Control Policy

Access is granted on a least-privilege basis. Role-based access control is the default model. Privileged access requires multi-factor authentication. Access reviews occur quarterly. Terminated users lose access within 24 hours.

Key Points

- Least privilege
- RBAC
- MFA
- Quarterly review
- Termination
